

LG PuriCare™

Water Purifier

S2 (Slim Stand)

From home...

LG PuriCare™
Water Purifier

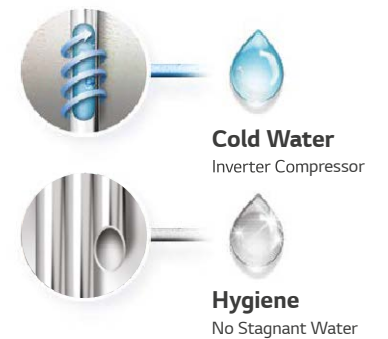

...to office.

TANKLESS & UNLIMITED SUPPLY (COLD WATER)

LG PuriCare™ S2 provides clean drinking water by using direct water filtration. Without the limitation of water tank, there is always continuous drinking water supply even in high demand situations.

Tankless is also the latest technology trend which eliminates the risk of microorganism formation.

SEALED STAINLESS STEEL HOT WATER TANK

Hot water is filtered and stored in sealed stainless steel tank to eliminate air-borne contamination.

Sealed Stainless Steel Tank

Open Stainless Steel Tank

Plastic Tank

EFFICIENT ENERGY SAVING

LG PuriCare™ S2 adapts the advance technology of Inverter Compressor System for users to enjoy cold water in an energy saving way. It's also the first in the industry to provide 10 years compressor warranty for water purifier.

* Energy Consumption Efficiency Ratings are based on Korean standards.

* Source: The Energy efficiency level table is the result of the LG internal test.

TOTAL SERVICE CARE

Enjoy LG PuriCare™ S2 that comes with periodical maintenance service and filter change. Simply peace of mind!

1 YEAR REPLACEMENT CARE

Internal pipes will be replaced once a year to secure product hygiene.

*Subject to terms and conditions

3-MONTH VISITING CARE

Free service once every 3 months at your doorstep for product sanitation and / or filter change.

26CM SLIM DESIGN

The super slim design of LG PuriCare™ S2 can be installed in any part of your kitchen without hassle.

*Compared to previous LG standing type water purifier S1.

HIGH OUT, WIDE TRAY

LG PuriCare™ S2 is designed with tall and wide tray for greater user experience. Tray with 117mm depth and 270mm height can fit small to large containers conveniently.

LARGE CAPACITY TRAY

Water tray can hold 1.3 liters of water which is 4 times more than normal tray, so you don't have to empty the tray frequently.

4-STAGE FILTRATION SYSTEM

The innovative 4-stage filtration effectively removes harmful particles and bacteria. LG PuriCare™ S2 consists of 4-stage filtration that is able to eliminate microorganism and 7 types of heavy metals* contained in the water.

- ① Sediment Filter
Removes large particles such as sand, dirt and etc.
- ② Pre-Carbon Block Filter Plus
Removes heavy metals and organic chemical such as chlorine and chloroform
- ③ UF Membrane Filter
Removes germs and fine particles
- ④ Post Carbon Block Filter
Removes odor inducing substances and improves water taste

*7 types of heavy metals include mercury, lead, arsenic, cadmium, iron, copper and aluminum.

FILTER CHANGE ALERT

User can easily monitor the filter condition via indication lamp to ensure performance of water purifier is always in tip-top condition.
